COMPANY

INTRODUCTION

WikiFX is devoted to providing global users with reliable news in forex industry. Accordingly, WikiFX keeps steadily innovating and perfecting its products. It has released WikiFX and WikiFX International Version APP, which earned a wide reputation and affirmatives.

Meanwhile, WikiFX has also developed international offline products like WikiFX magazine and WikiEXPO. They provide users not only with valuable news, but also zero-distance interaction with brokers and traders. In promoting the inter-communication in forex industry, they will provide more potential opportunities for practitioners.

# WIKIFX GLORY NIGHT VIP ANNUAL CONFERENCE

WikiFX "Glory Night" VIP annual exhibition is of the highest reputation in terms of level, depth and influence. With the theme of "Converging WikiFX Intelligence & Gathering Global Horizon", this year's exhibition invited over 100 elites in forex industry including CEOs, marketing directors and technical directors, etc., to share ideas on financial data value and forex international development strategies.

WikiEXPO

# SYDNEY SUMMIT

Sydney WikiEXPO invited 12 well-known brokers to demonstrate their related business and service to the locals, to introduce their advantages and share experiences. During the exhibition, attendees communicated with several brokers at one go, which efficiently and directly enhanced their understanding on brokers.

# SYDNEY SUMMIT

In promoting the healthy development of local forex market, the exhibition showed Australian forex community the resolution to serve global forex market of the Chinese forex media—WikiFX. It will help improve forex trading environment and establish a sound global forex market order.

# KUALA LUMPUR

## Exhibition

WE CONNECT ASIA **BUILD TRUST & NETWORKS**

# KUALA LUMPUR

## Exhibition

The 2019 Kuala Lumpur WikiEXPO, held in DoubleTree by Hilton Hotel Kuala Lumpur, became an unprecedented event attracting over 3000 guests and 30 brokers. 25 guests were invited to address speeches and received warm applause then.

Under the theme of "To Establish Mutual Trust and Connect Asia", the content of the exhibition was rich and compact including experience-sharing seminar and topic speeches. Whatever your aim is, to seek investment opportunities or gain knowledge, you could benefit from it. It also provided tea break and lucky draw time. The exhibition was closed in a cheerful air.

# HO CHIMINH

## Exhibition

The Vietnamese WikiEXPO, attaching on the WikiFX Vietnamese branch, was not only an exhibition featuring with financial service for investors, but also a multidimensional and in-depth stage and an impetus for brokers to expand the local market.

Having absorbed the experience from Kuala Lumpur WikiEXPO, the Vietnamese WikiEXPO set 2 speech areas and invited both exhibitors and KOLs to address speeches, to make the best use of time. Therefore, investors can have more choices and brokers can have more time to show their brand images.

# BANGKOK

## Exhibition

The Bangkok WikiEXPO was held in Bangkok Marriott Marquis Queen's Park. In that nearly 2000 square meters place, over 3000 investors, 30 brokers and 40 industry leaders gathered together. Several agendas were taking place in both main and deputy halls at one time. Experienced practitioners and broker representatives addressed their speeches on hitting topics in all walks of the industry and interacted with investors actively. At that night, high mood and warm applause decorated the hall.
